

Introducing PN²K

The Phyo Nyi Nyi Kyaw Memorial Foundation, Inc.

The What, Who, & Why

WHAT is the Phyo Nyi Nyi Kyaw (PN2K) Memorial Foundation?

The Phyo Nyi Nyi Kyaw (PN2K) Memorial Foundation is a nonprofit organization made up of caring and creative individuals who want to make this world a better place for underprivileged children by providing them with opportunities for education, growth, and empowerment. PN2K is focused especially on enhancing educational opportunities for children in Southeast Asia, where we plan to work with academic institutions and other nonprofits to help high-potential students obtain university-level education. We are currently setting up mini-\$1K scholarships (\$1000 USD) to help students with their school-related costs, including school books and supplies, uniforms, transportation, etc. OUR GOAL THIS YEAR is to raise \$5K to further this mission!

WHO are the partners of the PN2K Foundation?

PN2K is also involved in many local project collaborations. Here are some of the ways in which we are giving back to the community:

- Partnership with MIT Amphibious Achievement (AA): (a) established an annual \$500 Achievement Award to be given to a local high school student in the AA program; (b) created a Career Advisorship Program to give students the opportunity to visit different companies and think about potential careers; (c) created the 'Achievers' Spotlight ' blog for students to share their life stories and inspire others.
- MIT Bike safety education event held during the start of each school year in partnership with the MIT Campus Police, MIT UAAP, MIT Parking & Transportation Office, and Cambridge City Council.
- Various fun projects that have been self-initiated by the friends of Phyo and our lovely volunteers, including benefit recitals and other events made to inspire and teach.

cherish share GROW

WHY join the PN2K Memorial Foundation?

We were founded just recently in August 08, 2012 and are looking for creative and self-driven people who can join our team and help shape the future of a growing nonprofit organization. Due to our early-stage nature, there is a lot of opportunity to shape progress and there is less bureaucratic red tape, making it an exciting and quick environment to test and implement new ideas while building your own leadership and project-management skills. Plus, think about all the children you would be helping with your cool ideas!

Let's get started! How do I begin?

Please send an email to pnnk-director@mit.edu with your name and statement of your interest and we will get back to you shortly!

Don't have the time now to join our ACTION team? Please consider DONATING to our cause! It's easy, we promise. Just go to <http://kyawfoundation.xvm.mit.edu/#donatenow> and click donate.

Together, we can empower children through the gift of education! Looking forward to hearing from you soon!

PN2K in the Community

"We're thrilled about the emergence of the Phyto Foundation and are honored to collaborate with the Foundation to provide a college scholarship to inner-city youth in Boston in celebration of Phyto's life. Phyto coached these same inner-city youth in rowing through a program called Amphibious Achievement - a mentorship program which brings low-income youth to MIT every week for athletic and college enrichment. Through this scholarship we are excited to pay tribute to the life-changing impact Phyto had on these youth, and continue to extend this impact for eternity."

Noam Angrist
Co-Founder, Co-President
